Giving Tree

If you would like to partake in our giving tree please stop in to our nursing home entrance and choose a gift from the giving tree. This tree will help us to ensure that all of our residents get a meaningful gift this holiday season.

Fa'La'La

If you know of anyone or group who would like to spread some holiday cheer by playing some Christmas music, caroling, or doing a fun activity let us know. We always welcome new events and activities for our residents and tenants.

Labeling

With our tenants getting new items for Christmas please let us know so we can get it labeled. From holiday sweaters to lap robes, we mark it all.

Tradition

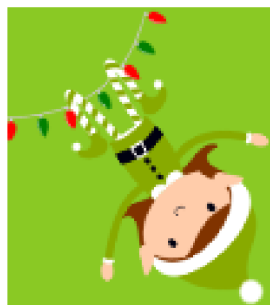

It's a Family Tradition

There are so many special traditions during this holiday time of year. Whether it's sitting around playing board games in matching pajamas, singing songs or sipping hot chocolate by the crackling fire or racking up the miles to travel to visit friends or family, we all have some memory or sense of tradition.

Traditions are defined as the 'transmission of customs or beliefs from generation to generation'. Even though traditions require effort, they are important to us and make us feel good. As you reflect upon your most memorable traditions, consider adding a new tradition of personal wellness. After all, traditions are harder to maintain if you are not feeling like your best self.

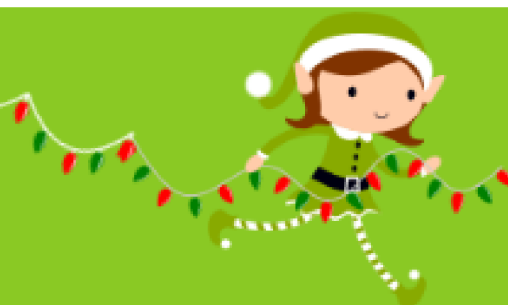

In addition to working closely with your physician and other healthcare professionals, I encourage you to reach out to the in-house NIT therapy team if you need any help to be the best version of yourself.

Maybe you are worried about falling, have concerns about your failing memory, recently developed a new ache or you are no longer able to put on your shoes without assistance. We can help! NIT therapy offers in-house physical, occupational and speech therapy services. Let us help you with the tradition of wellness.
