is going paperless!

Maple Crest Campus is going to go paperless!

There are so many advantages to going paperless:

No postage cost

Able to save trees by using less paper

Able to offer links to information, QR codes, and the ability to easily forward to family and friends, and so much more!

Maple Crest Campus is asking for your help in this goal. We will be making calls to our resident and tenant families to update our records.

If you would like to be added to our email list please send a message to

MapleCrestCampusEvents@gmail.com

(this email is used for events only- not communication purposes)

with the email/emails you would like added and how you are tied to Maple Crest Campus (i.e. family of---, volunteer, community member, ect.)

We understand that not everyone is online, if you would like to still receive a paper copy we understand and are happy to mail you a copy. Just let us know.

This will be our last month sending paper copies, if we don't hear from you we will no longer be sending the newsletter your way.
